

Bedoukian Research is seeking a Senior Registrations Specialist.

The individual will assist the Registrations Manager with registering pheromones and other semiochemicals internationally, including identifying local consultants, clarifying data requirements, managing studies, and drafting, submitting, and following-up on dossiers, as well as post-registration work (e.g. label reviews, renewals). Must be organized, self-motivated, and successful working independently. Should have experience registering pesticides internationally (e.g. EU, LATAM, Asia, MENA). Bedoukian has been a leading manufacturer of flavors, fragrances, and semiochemicals for over 50 years. On-site or remote position. Complete job description: <https://bedoukianbio.com/career-opportunities/>. Send resume to Emily Donovan: edonovan@bedoukian.com.
