

Director of Regulatory Affairs

[Brand Maven Consulting](#) | Remote | Full-Time | \$100,000–\$160,000

Brand Maven Consulting is hiring a Director of Regulatory Affairs to lead our regulatory program for fertilizer, pesticide, and biostimulant products. This is a senior, hands-on leadership role. You will own regulatory strategy, manage end-to-end submissions, engage directly with regulators, and serve as our internal technical authority. Responsibilities include client leadership, team mentorship, and continuous program improvement. Requires 5+ years of hands-on agricultural regulatory experience with strong fertilizer and pesticide backgrounds. Consulting experience strongly preferred. Bachelor's degree in agriculture, biology, chemistry, or related field required.
