

BioAg Field Development Manager

Pioneer a brighter future

Do you want to rethink your impact, and are you passionate about developing a comprehensive field research program across the globe? Then you might be our new BioAg Field Development Manager. What if you could work for a cause, not just a company?

Novozymes is the global market leader in biological solutions. We help build better lives. Together with our customers, partners and the global community, we use our innovative thinking and passion for science to boost industries and make everyday products more sustainable for the good of the planet. As the world's leading provider of industrial enzymes and microorganisms, our bio-innovation enables higher agricultural yields, low-temperature washing, energy-efficient production, renewable fuel and many, many other biological solutions that the world can benefit from today and in the future. We call it Rethink Tomorrow.
